

Cornwall Plant Heritage

Plant Nannies Project

The Plant Nannies exist to encourage the cultivation, propagation and dissemination of uncommon, poorly known or endangered garden plants in Cornwall.

They are organised by the Cornwall group of Plant Heritage, a national charity that seeks to encourage the conservation of garden plants through cultivation.

Who can take part?

Anyone with an interest who would like to grow a plant and assist in the Cornish conservation effort.

What does it involve?

We have a few plants available that we think deserve some care to keep them in cultivation. We give them to the Plant Nannies to look after and enjoy in their own gardens. When the plant grows and they feel able to divide or propagate a small section then they return a young plant to us and keep the original. The young plants are either given out to a new Plant Nanny or we sell them to raise money for Plant Heritage.

What does it cost?

Nothing. We hope to raise money by selling surplus plants through regular Rare Plant sales in the region.

What do we ask?

We ask for an e-mail address so that we can send you Cornwall Plant Heritage Newsletters that will inform you of coming events and plant sales.

What do we get?

With your help we can keep plants in cultivation in gardens that are in danger of disappearing. Together we can raise the profile of plants that were once better known but are now endangered and we can raise some money to support the national charity.
